

Dear Stanley,

May 29, 2015

*For decades now, you've been our friend,
Who has taught us well on the accounting end.
You've clearly been our guiding light,
And the orchestrator of doing right.
We can't remember a better teacher,
Or come to think of it - a better preacher.
Of dotting the "i's and crossing the "t's",
While making sure our assets aren't seized.
But outside of your diligent expertise we know,
Is an incredible person that we will miss so!
As Stanley you an amazing guy,
Who's talents and goodness reach the sky.
No better person could there ever be,
Your loyalty and kindness is for all to see.
So though retirement for you is chapter two,
Please visit us often, as we love you!
With our deepest admiration and respect,
All of us at Burton Carol Management*
